

**COPADATA**

# zenon Software Platform

Industrial software that makes  
your life easier.

Core business

# zenon Software Platform

*Designed to make your life easier.*

- ▶ Comprehensive software for manufacturing and energy

- ▶ Empowering people

- ▶ Enabling the digital transformation

# zenon Software Platform

▶ Analytics and Reporting

▶ Visualization and Control

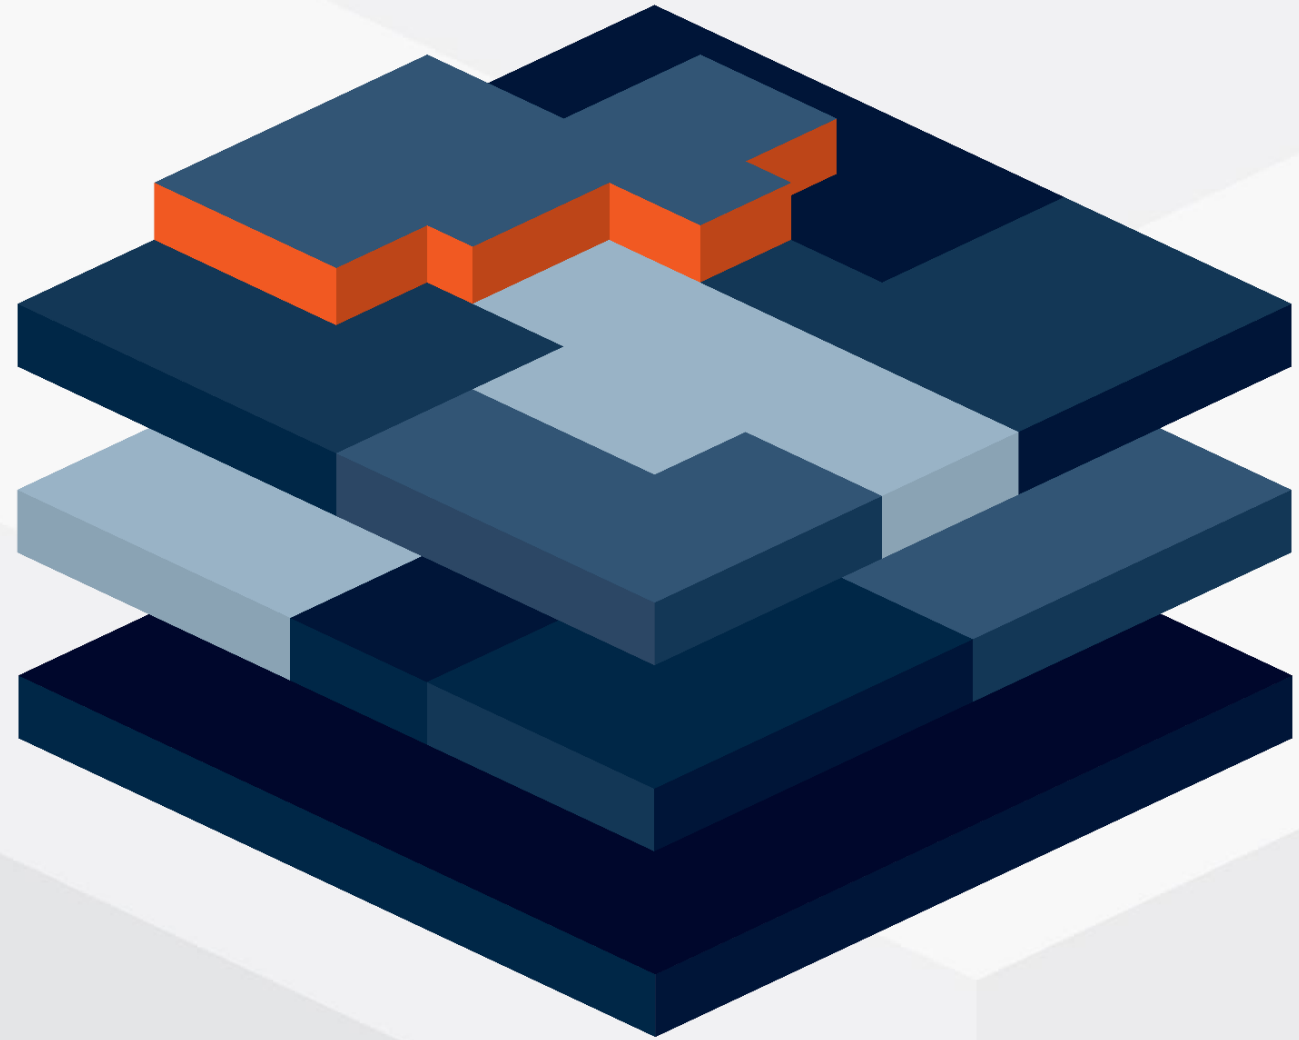

▶ Data Management

▶ Data Acquisition

▶ Application Engineering and Maintenance

## zenon Software Platform

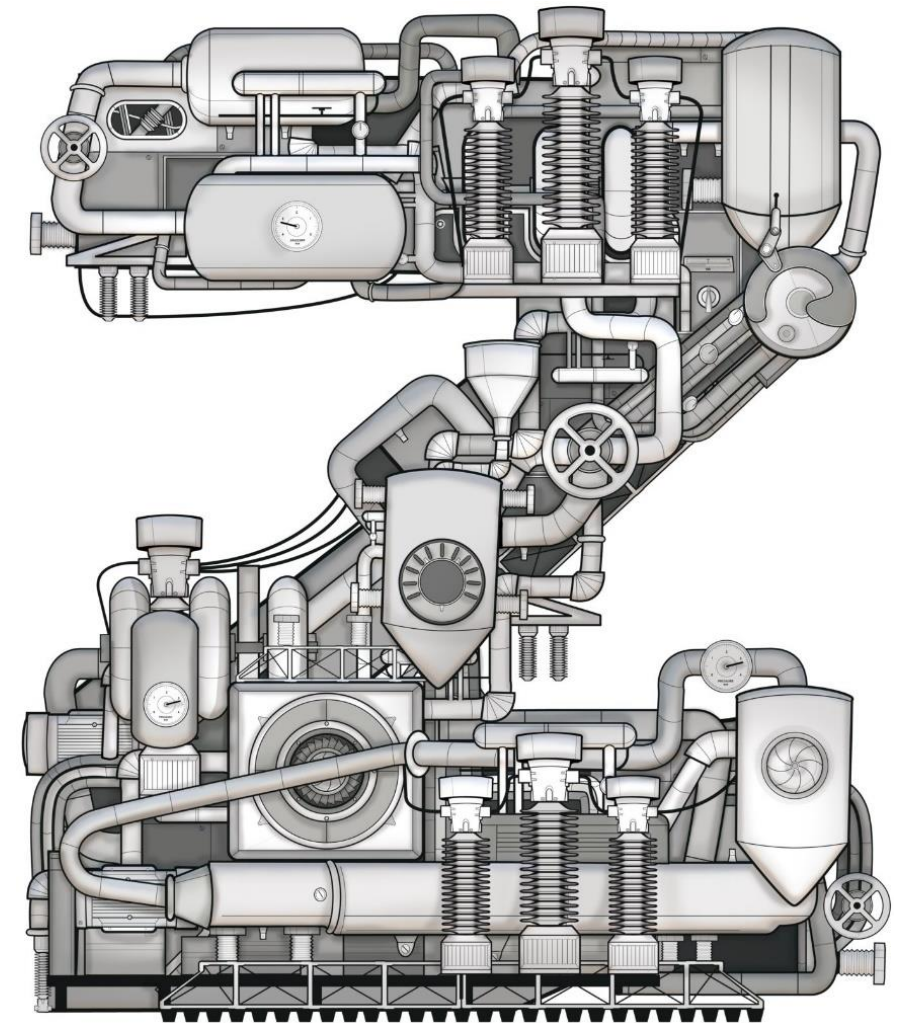

Scalability | Robustness | Security | Performance | Flexibility | Openness | Validation  
Ergonomics | Lifecycle Management | Interdisciplinary Nature

# zenon: Designed to make your life easier.

*Cut down on distances, time and costs thanks to ...*

- ▶ parameterizing instead of programming/  
object orientation
- ▶ a central engineering environment
- ▶ automated engineering
- ▶ an ergonomic user interface/usability
- ▶ flexible multi-project administration/  
decentralized intelligence
- ▶ more than 300 native drivers
- ▶ efficient project maintenance and validation
- ▶ straightforward project scalability

# Four key industries

 **155,000**  
installed zenon systems  
worldwide

Makers of industrial software  
designed to make your life easier.

Thank you.
